For a quarter century, Lee & Associates Arizona has provided world-class commercial brokerage services. We specialize in the industrial, office, multifamily, land and investment sectors in the Phoenix metropolitan area. Our office is staffed with some of the top brokers in the market. Many of our 39 principals and associates have received commercial real estate designations such as CCIM, CRE and SIOR, and we consistently rank as one of the top-producing firms in the state.

Since our brokers are the owners of the company, each has a personal commitment to our clients to ensure a successful and positive outcome to every transaction. This entrepreneurial spirit means quicker decision-making and faster results for our clients.

"Our client engagement and commitment to service is second to none in the industry. This has allowed us to build quality relationships with local and national clients," said Fred Darche, Managing Principal. "We will continue this relentless commitment to these clients for the next 25 years."

Lee & Associates was started in Irvine, CA. in 1979, when founder Bill
